Although there were less than 500 paid admissions, the theatre group performed very creditably.

## Frank Tuttle is Ipswich Audubon President

Ann. and another is scheduled for Salisbury - Newburyport on March 11th. An Owl Walk is scheduled for February 18th at the Sanctuary Barn, and many more bird walks are scheduled during the coming year. Mr. Tuttle conducts many of the bird walks.

The big coming event for the Massachusetts Audubon Society will be the Annual Census of Cardinals and Tufted Titmice on February 12th and 13th.

Readers who have these birds at their feeders, can help by contacting Mr. Tuttle, at 658-8230.

## CPAC Meet January 26

Frank H. Tuttle of 2 Carson Avenue is the newly elected President of the Ipswich River Audubon Club.

Mr. Tuttle has been associated with the Ipswich Wild Life Sanctuary as a volunteer member for the past three years. He is well known in Wilmington for his cataloging of ferns and other flora in the Wilmington Town Park, a job which was of monumental proportions.

The Ipswich River Audubon Club has a system of dues which amounts to a payment of 50 cents per meeting. School children, up to 18 years, are free. Meetings are held on the first Monday of every month, at 7:45 p.m. in a building off Perkins Row, in Topsfield. The building is located within the Sanctuary.

The Ipswich River Audubon Club has 35 special events listed for 1972, which include such things as Bird Walks for Beginners in March, and again in April and in May. Other items on the annual list include Field Trips to the Ipswich River Wildlife Sanctuary, and in many parts of Eastern Massachusetts. Last Saturday the trip was to Cape

On Wednesday January 26th at 8 p.m. in the Memorial Library conference room, the recently appointed CPAC Steering Committee will conduct the first organizational meeting of the "new" Citizens Planning Advisory Committee.

Guidelines and directions for the future operation of the CPAC and its various sub groups will be discussed on an open forum basis and following the general discussion, committee members will be requested to select a specific task group within they will concentrate their future efforts. The task groups will choose their own leaders and recorders, and establish their working and meeting schedules.

Those planning to attend are urged to read the "Comprehensive General Plan Summary" which is contained in Wilmington's Town Report of 1970, as background material.

Interested citizens are urged, by the Steering Committee to attend this meeting and plan to be an active participant, as this Committee should truly represent the "voice of the citizens" in the Town's future planning.

### ANTHONY CUOCO ON DEAN'S LIST

Anthony Cuoco, son of Mr. and Mrs. John Cuoco of Middlesex Avenue has been named to the Dean's List of the fall semester of Athens College, Athens, Ala.

The list is a role of students whose grades averaged between 3.5 and 4.0 on the 4.0 or A grade for the fall semester.

## Only one question at Finance Committee Hearing

BROKEN CHAIRS: And a massive crowd of about half a dozen persons was all that was to be seen in the Barrows Auditorium at 8 pm Tuesday at the Finance Committee hearing. A few more persons came in after this picture was taken.

Only one question - by Stanley Webber, was asked at the Finance Committee hearing on the 1972 Town Budget, Tuesday night.

There were, not counting members of the Finance Committee, 36 persons in the Barrows Auditorium, 31 of who were members of Town Committees or Town Employees.

Of the remaining five, one lady was the wife of the Chairman of the Board of Selectmen, one man

was the husband of a Town Hall employee, and one lady was the president of the Spotlighters, which receives, indirectly, a small subsidy from the town.

Only Mr. Webber, who is the Executive Secretary of the Wilmington Chamber of Commerce, and Bennie Waruszyla of Lawrence Court were not officially connected with the town by reason of position or marriage.

## Town Owned Rink Planning Committee

Carl 'Bucky' Backman, John Waugh and Dave Trickett, the Wilmington Skating Rink committee presented the Selectmen with their ideas of a town owned and constructed rink, at the Selectmen's meeting, Monday. Their plans, they said, are quite feasible, and at a low cost the town can get its own skating rink.

## Hey, Mickey, Lookit!

Two 21 year old youths from Lynn landed in durance vile last Saturday, just as they had completed the robbing of a gas station in Wilmington. They hadn't even got off the gas station property before they were arrested by Officers James Marsi and Mickey McKenna.

About ten days ago two youths, similar in appearance, robbed a Shell gas station in Woburn of about \$195. The attendant was able to get the first three numbers of the plate of their car - a blue Mustang. Information on the number and make of car was, of course, circulated to the police in other towns and cities.

Last Saturday Marsi and McKenna were cruising the town in the Unmarked Cruiser. Ahead of them was a blue Mustang. The first three numbers of the number plate were the same as those of the car that had been reported in the Woburn robbery.

"Hey, Mickey, Lookit!" said

Marsi. For an hour the two policemen drove around town, following the Mustang. It went from gas station, and sometimes back again. Finally it turned in to the BP Gas Station, on Main Street, just below Wilmington Square.

Marsi and McKenna waited for a few minutes. One of the men went in to the station. When he came out they arrested him and his companion.

The man had a sum of money, less than \$20 in quarters. It had been taken without the operator's knowledge from the station, according to the Wilmington Police. Both men were charged with Larceny of a sum under \$100.

## Illegal Operation?

AN UNLICENSED SANDPIT: Discovered to be in operation in the South part of Wilmington was visited by the Building Inspector yesterday afternoon, and the operator has promised to 'straighten' things out. The unlicensed pit covers an area of four or five acres.

## The Top Brass Does Not Agree

The Top Brass does Not Agree, in Wilmington. One of the subjects at least, is Clubhouses, and the Top Brass of course is the Board of Selectmen and the Planning Board.

On the blackboard in the Planning Board Room, at the former Mildred Rogers School, are, in big yellow letters these words: "BOARD OF SELECTMEN'S MEETING OF JANUARY 10, 1972- WILMINGTON'S DAY OF INFAMY".

The Chairman of the Planning Board visited the Selectmen's meeting Monday night to discuss the subject. He, incidentally, wanted to discuss a little more than the subject, for he carried a copy of the Town Crier, and told the Selectmen that the Town Crier article had said there had been an amendment of the Clubhouse Law of last year, "without the knowledge of other boards" Mr. Grant waved about a copy of the Town Crier as he spoke.

The story, he inferred, was wrong. The Selectmen had been told about the amendment, with the exact wording, in a letter, and it was in the Planning Board minutes for March 2nd. Mr. Grant went on to give the history of the Section III - 1 - B - 5, as it had been voted by the Planning Board, sent to the Selectmen as an article, and then withdrawn from the agenda of the Special Town Meeting, along with other articles, at the time of the High School special Town Meeting.

"We withdrew, and even though we withdrew this copy was submitted and you were aware," he told the Selectmen.

Carl Backman Jr., the Selectmen's Chairman, acted as their spokesman, aided at times by others. He told Grant that the Selectmen were not aware - and that there was just too many things happening at that time for them to assimilate everything. He was backed up by the Town Manager, who displayed a copy of a letter dated April 29th, and which apparently discussed the subject.

"Let's talk about communications between Boards," said Grant. He went on to say he had got his information from the Town Crier "and that's not good communication." "I think it would have been proper to wait a week - I think it would have been better to leave the decision to the Town Meeting."

"There was no question in my mind that the chairman of the Sons of Italy board knew the score, when we left that Executive Meeting (last spring, Ed.). It is not the Planning Board who is against this article - the implication that the Planning Board is against it is absolutely false."

MacDonald made a statement to the effect that the Planning Board was trying to take powers away from the Board of Appeals.

Grant: The Planning Board is not

taking powers away from the Board of Appeals - we are giving the question to the Town Meeting to decide. To they want the Board of Appeals to have the authority? - We feel that a clubhouse should not be in a residential area.

After some more conversation Selectman Boylen observed that the Planning Board has an article to prevent zoning issues from appearing on the warrant for two years in succession - "You are going to tell the Town Meeting that they cannot vote on what the last year's Meeting did - stop people!"

Grant: That's State Law!

Boylen: I think it should come up on its merits - that law passes and this law passes - and we can't vote for two years.

Selectman Banda: It is not the intention of the Board of Selectmen to deprive anyone of a vote. We had a gentlemen's agreement no action on the Sons of Italy case until it is resolved, now it comes back in again - Why the change all of a sudden?

Grant: Yes, we did have an agreement, and I feel we lived up to it. We had the public hearing on March 2nd, - and then the Court's decision. We feel assured following the court decision.

Backman: We feel that until the Sons of Italy had a site - and not under some arbitrary decision.

There was more conversation about the Executive meeting of April 7th. It was agreed there were three from the Planning Board, three from the Sons of Italy, and the Selectmen. Grant pointed out that "you" (the Selectmen) "arrived at the decision."

The conversation swung back to the Planning Board's article. Mr. Banda agreed there was a communications gap - "there is no article until this just came in."

Grant: We submitted it before

### NEXT MONDAY IS FILING DAY

Candidates for election to town office must file their papers with the Town Clerk before Monday at 5 p.m., according to Town Clerk Esther Russell. Offices open this year are: Two Selectmen, three year terms; Two School Committee members, three year terms; One Moderator, one year term; a member of the Housing Authority, five year term; and a member of the Redevelopment Authority, five year term.

The State Law of no beano playing, as it applies to Wilmington is also to appear on the ballot for the March election.

### SELECTMEN INTERVIEW CABLE TV PRODUCER

Wilmington's Board of Selectmen, Monday night, interviewed a Cable TV Producer, representing the Charles River Cable Television Company, affiliated with the company that operates WCRB-AM and WCRB-FM in Boston, together with a Springfield and a Providence R.I. radio station. The interview was the first of its type for the Wilmington Selectmen.

The company is interested in a number of towns, but will operate in only four, the Selectmen were told. A 42 channel cable will be a part of the system, and costs to subscribers will be \$5.95 a month, after the initial installation cost of \$14.95. There are proposed to be two or more local channels, reserved exclusively for local interviews, programs, school programs, etc.

### POLICE SEEK RAPISTS

Wilmington police seem to be without clues, in a search for two rapists who attacked two Wilmington girls, last Friday night.

The attack was made on Bridge Lane, with the girls being forced into nearby woods. The first report was dated at 10:15 pm. Both girls, it is reported, were subjected to repeated attacks.

## Conlin & Noel pace hoopsters to Win

CO-CAPTAIN JIM MAXWELL: Successfully sinks one of his eight free throws in second quarter action in last Friday's home opener. Other Wildcats pictured, back to camera are, Co-Capt. Paul Ritchie (32) and Cliff Clark (10); facing camera is Hank Landry (12).

The varsity quintet snapped a four game losing streak with an upset 62-52 win over Dracut at the Middies Court Tuesday afternoon.

Bob Conlin, with a strong defensive effort, and Bob Noel, quarterbacking a fourth period offensive comeback, paced the Wildcats to their initial MVC triumph. Coach DiSarcina's boys are not sporting a 3-5 record on the season, 1-3 in conference play.

The Wildcats started the game at Dracut with a box and one defense with the purpose of stopping the Middle's top scorer, Brian Burgess (No. 3 in MVC scoring

last season behind the Wildcat's Dennis Murphy). Bob Conlin was assigned the task of guarding Burgess and performed a masterful defensive effort. Burgess got only 3 points in the first half and two at the end of the contest, for a total of five in the game. This was a very key factor in the win, as Conlin did not foul out of the contest.

Noel, another key, was inserted into the lineup at the beginning of the final stanza with the Wildcats trailing 42-38. Bob spearheaded the offense, despite not scoring a single point, setting up the attack and picking up many assists. Four

starters were in double figures - Maxwell (18), Ritchie (12), Rounds (11) and Clark (10) in a truly team effort, their best to date.

Last Friday evening the varsity made their home debut and for two periods they were in the ball game against highly touted Billerica. Trailing by three, 33-30 at half-time the Wildcats were literally blown off the court in the third stanza as the Indians ran off 17 consecutive points and the ball game was all but over. Entering the final frame Billerica had a commanding 64-36 lead, and the reserves took over and Dave McLain, Bob Noel and Hank Landry averted a runaway as they helped the varsity to outscore the Indians 21-9 in the period, but the final outcome was obvious, 73-57.

Coach Millev's junior varsity upped their seasonal record to 5-3 with wins over Billerica (50-40) and Dracut (48-42). Mark Nelson paced the jayvees in the triumph over the Indian junior set as he swished in 16 points. Freshman Carl Butler tossed in 15 points to spark the boys in their win at Dracut.

## Girl's Basketball

Coach Dadoly's girls split both of their recent conference outings and are now at .500 on the season (3-3). Last Friday the varsity edged Billerica, 33-30 with Joani Bellissimo leading the attack tossing in 14 points, while Captain Sue Landers and Carlene Butler chipped in with seven each to aid the cause. Our girls never trailed as they lead 15-11 at the half and 27-21 at the end of the third stanza.

Tuesday afternoon in a key conference encounter at home the female Wildcats could not hold onto a three point lead and succumbed, 42-37 to their counterparts from Dracut. The girls led 20-17 after two quarters and 33-30 after three, however, Dracut outscored our girls 12-4 in the final stanza to provide the margin of defeat for Coach Dadoly's quintet. Joani Bellissimo (16) and Sue Landers (7) paced the Wildcats in scoring.

The jayvees extended their winning streak to three with wins over Billerica (14-12) and Dracut (30-20) and are now 4-2 on the season. Freshman Tammy Oliveira tossed in ten points to lead Coach Cassidy's girls to their triumph over Dracut.

## Trackmen rout Shawsheen

The varsity indoor track squad moved into a four-way tie for third place in the No. Essex Track League with a 67-19 blitz of Shawsheen Tech last Thursday at Phillips Academy in Andover.

Coach Kelley's boys picked up nine first place finishes out of the ten even dual meet. Rick Barry and Don Capone got the Wildcats off to a flying start by placing 1-2 in the hurdles. Artie Bibeau, Bill Waller and Paul Sferazza finished 1-2-3 in the 50. Sferazza also participated in the only other sweep of the meet, that being in the high jump where Marcel Deveau (5'2") took first, Sferazza second and freshman Capone third.

Tri-captain Bill Badiali picked up ten points with a pair of firsts, 37.0 in the 300 and a toss of 44' in the shot put. Other first place winners were: Jack Barry (1:24.3 in 600), Jim Murphy (1000), Rick Keane (5:08 in mile), Doug Spring (11:01.5 in 2-mile). Second place awards went to Rick McCully (300), Steve Coursey (600) and Ian MacInnis (1000) while Carl Abell (mile) and Tom Napolitano (shot put) picked up thirds.

## High School Hockey

## Kindred & Bicknell brothers spark Icemen

Captain David Kindred and senior winger Ray Bicknell scored a pair of goals each to lead the Wildcats to a 5-2 win over Masconomet last Saturday at the Forum. Earlier in the week the boys were blasted by Billerica, 7-0 to hand the varsity their sixth seasonal loss and their third whitewash.

In breaking their two game scoring drought Captain Kindred fired home a first period power play goal (5:39 with Dan Bicknell setting up the play) to get the pucksters off on the right foot. The Chieftans tied the score at 8:53, however, the Wildcats were not to be denied as they bounced back at 9:09 with Ray Bicknell scoring from 20 feet out after taking a centering pass from Dave

Kindred. Coach Fessenden's boys increased their lead to 4-1 with a pair of second period goals. Capt. Kindred picked up his second play goal at 4:32 with his brother Dan and Steve Neal assisting. John Harrison registered an unassisted marker at 8:30 on some fine individual effort as the young sophomore continues his good two-way play.

Masco closed the varsity's lead to two with a power play score at 8:44 of the final stanza, but Ray Bicknell put the frosting on the win with a short ten foot wrist shot from the left side after Dave Kindred had stolen a Chieftan clearing pass.

## NEXT WILDCAT ENCOUNTERS

## YOUTH HOCKEY SEASON FIRST HALF COMPLETED

With the first half of the season having been completed last week the boys are now entering the second phase of the intermural program. During the initial half of the season each club played twelve games, two of which were practice encounters.

Each squad will begin the second half of the season with a clean slate, enabling teams which showed great improvement at the end of the first half an opportunity to demonstrate their progress.

The playing schedule for the second half is similar to the first, however, each team will play two additional practice games per week or have a practice (coach's choice). This additional ice time

is already in full swing at the Skating Club on Chestnut Street (outside rink) evenings, Saturdays and Sundays.

When the season ends the boys will have played twenty-five to thirty games each. Intermural midget league will be organized for boys 15 and 16 years old very shortly. More information on this new league will be forthcoming.

## UPCOMING MATCHES

Tonight: Clippers vs. Boyageurs (4:00); Blazers vs. Checkers (4:40); Blades vs. Rockets (5:20); Kings vs. Penguins (6:00).

## Town League Basketball

### DELOURY IN SECOND PLACE

Adults: Super-Stars edged Newhouse, 95-90 and defeated Wilmac to extend their unbeaten streak to three to highlight play in the Town League last week.

In the other contests Deloury won a pair to move into the second spot. Dan Ballou paced Coach Hanna's quintet to its 83-63 triumph over Wilmac hitting for 26 points, while Bill Jensen chipped in with 19. Al Stone tossed in 25 for the cellar dwelling Wilmac five. On Sunday night Deloury slammed Sweetheart 100-64 to spoil the Plastic squads seasonal debut.

Seniors: The Pistons and Bullets remain deadlocked for first place following last weekend's senior loop encounters. Mark Nelson (24 points) and Jim Buck (10) paced the Bullets to 44-32 tri-

umph over the skidding Knicks. Doug Stewart led the Knicks in scoring with 15 points. Stan Riley's quintet edged the Celtics, 38-35 behind an 18 point scoring blitz by Tom Woods. The Lakers topped the Royals, 29-20, with a 16-8 scoring margin in the second half to overcome a one point half time deficit.

Juniors: The Raiders snapped a four game losing skein with an exciting 12-11 win over the Jets, meanwhile the Chargers were winning their fifth straight in junior action. Frank Leverone's Broncos whipped the Raiders, 22-12 on January 15th, only to succumb to the upstart Chiefs, 25-13 last Saturday afternoon. The divisional leading Chargers ripped the Patriots, 25-10 with Jim Tucker leading the way with 10 points.

Planes are delicate instruments and should be cared for, even while you're using them.

When you must lay your plane down during a job, or after the job is done, never place the plane blade down. Set it on its edge, or place it so that the front edge rests on some support, a small block of wood will do the trick.

When the front edge is raised, the blade is kept clean of the surface and is thus protected against nicking or dulling.

### Selling (Your House) The Fast Easy Way

by Thomas Forsyth

The vital first step is establishing the fair market value of your house. This is so important because many people are under pressure of one kind or another to sell. The most common problem is the situation where someone has already committed themselves to buy another house. This puts you under pressure because you may need the proceeds from the old house to buy the new one. Even if you don't need this money, you do not want to be in the position of having to pay both mortgages. These problems will be discussed further in future articles. The main point here is that there is one and only one key to success in selling if you don't want a fast, easy sale. This is establishing the correct selling price.

Reliable real estate service is as handy as your telephone. At Forsyth and Company, we concentrate on doing a good job for our customers, because if we do, business will take care of itself. Call about any real estate problem. If you are selling, find out about our file of buyers, advertising program and MLS service.

"Difficult problems solved immediately, the impossible takes a little longer."

For the past two years legislation has been proposed to make the U.S. Congress more efficiently exercise its potential leadership, and more truly reflect the will of the people.

## Melrose-Wakefield Trust cites 1971 Gains

Significant progress on several fronts during the past year was detailed at the Annual Meeting of the Melrose-Wakefield Trust Company held recently at the Bank's headquarters in Wakefield. Of particular interest was the fact that the Bank's number of depositors increased over the previous twelve-month period by 2500, indicating growing interest on the part of the community in the expanded services the Bank has been able to offer as a member of the Shawmut Association.

"Total average deposits have increased by \$3 million," stated Robert L. Ramsdell, president. "This was matched," he went on to say, "by a \$2 million increase in the loan portfolio, which speaks for our continued interest in aiding the growth of sound business ventures in our various communities."

Particular mention was made of the new Wilmington office building now nearing completion. Since last March, Wilmington residents and local businesses have been served by Melrose-Wakefield Trust from somewhat restricted temporary trailer facilities at the Lucci Shopping Center on Route 129 right next to the construction of the Bank's new home. Mention was made of the care that has been taken to satisfy every customer need and comfort in erecting the new quarters. Customers and employees alike look forward to the handsome, spacious facilities expected to be completed in mid-February. Other offices of the Bank include three Melrose loca-

tions, acquired in 1968 when the Wakefield Trust Company merged with the long-respected Melrose Trust Company.

Plans for 1972 were discussed in detail and included introduction very shortly of a family money management account providing the customer with a chance to the customer with a chance to get a monthly statement covering his checking, savings and credit activity. This newer type of banking convenience is another example of the expanded services made possible through the membership in the Shawmut Association.

In line with the Bank's effort to make additional education available to employees, it was reported that American Institute of Banking courses were completed in 1971 by: Donald R. Washburn, Tracy W. Decker, Allen J. MacPherson, Frank J. LaVallo, Gary T. Ouellette and Gwendolynn M. Gantz.
